Sense of Humour Workshop Report

Aim & Objective of the activity: The workshop aimed to explore the benefits of humour in educational settings and how it can be used to boost retention and create a sense of community.

Date of the Activity: 04/03/2024

Organizing Unit/Department:

Collaborating Agency: Mother Kanchan Institute of Computer Application & Business Mgmt, Osmanabad.

Program Coordinator: Mrs. Bhosale A.U

Students Participated: 59

Report of the Activity

Advanced Computer College, Osmanabad recently organized a workshop on "Training the Sense of Humour" for its students and faculty members.

The sense of humour workshop was conducted to help students develop their sense of humour and use it effectively in their personal and professional lives. The workshop was conducted by a professional humourist and was attended by 59 students from different majors.

The workshop was based on the 7 Humour Habits Program

and included lectures by experts in the field of humour and education.

The participants were also given a survey to evaluate the effectiveness of the workshop and the instructor's sense of humour.

The workshop covered various topics related to humour, including the benefits of humour, different types of humour, and how to use humour effectively. The facilitator emphasized that humour can be used as a powerful communication tool and can help in building relationships.

The workshop was a huge success, with participants reporting increased engagement and a more positive learning experience. The college plans to organize more such workshops in the future to promote a healthy and fun learning environment.

Students Participated:-53

Report of the Activity

Mobile computing and it's application Workshop conducted by the college was a highly informative and interactive session.

We cannot imagine a world without computers or mobile phones especially the latter. Mobile phones are integrated in to our day to day lives as much as watches are. Nowadays we can use internet too to make long distant calls and this is called internet telephony.

This topic discusses various changes and advancement in the field of mobile technology, its limitations and future architectures and services like PAN and collaborative services. This topic also deals with vocal communication, SIM details, SMS, WAP, intelligent network etc.

The studies showed that Mobile computing and it's application can lead to more informative to accomplish task. Miss Raut M.M.. discussed how Mobile computing and it's application is important in current social media situation.

Students Participated:-60

Report of the Activity

The objective of the event was to provide delegates an overview on the important changes in the Companies Act. To help them in understanding the change in the regulatory regime under the new Companies; to brief on important new concept introduced in the new law, challenges and opportunities arising out of the new regime etc. which would be of immense help for the faculty in their function of guiding commerce students.

They were also appraising on the mega opportunity that has emerged out of the new regime for the Company in the country and the course modalities.

The session was concluded with a brief session on Generic Employability Skills, i.e. Self-Management, Team Work, Enterprising, Problem Solving and Speaking & Listening. This was followed by group photographs and planting of a tree to commemorate the beginning of a long journey.

Report of the Activity

The Digital Video Editing Workshop conducted by the college was a highly informative and interactive session.

Video provides a powerful way to help you prove your point. When you click Online Video, you can paste in the embed code for the video you want to add. You can also type a keyword to search online for the video that best fits your document. To make your document look professionally produced, Word provides header, footer, cover page, and text box designs that complement each other.

For example, you can add a matching cover page, header, and sidebar. Click Insert and then choose the elements you want from the different galleries.

The Digital Video Editing Workshop provides a powerful way to help you prove your point. When you click Online Video, you can paste in the embed code for the video you want to add. You can also type a keyword to search online for the video that best fits your document. To make your document look professionally produced, Word provides header, footer, cover page, and text box designs that complement each other. For example, you can add a matching cover page, header, and sidebar. Click Insert and then choose the elements you want from the different galleries.

The studies showed that Digital Video Editing can lead to more informative to accomplish task. Mr. Sawant S.P. discussed how Digital Video Editing is important in current social media situation.

One Day Workshop Report On Python Libraries for Data Science

Aim & Objective of the activity: The workshop aimed to teach participants how to effectively editing of video and its content and present it on social media.

Date of the Activity:-22-08-2023

Organizing Unit/Department: - Computer Science

Collaborating Agency:-College Of Library & Information Science,Osmanabad

Program Coordinator:- Mr.Takale.S.S.

Students Participated:-54

Report of the Activity

Python Libraries for Data Science Workshop conducted by the college was a highly informative and interactive session.

Python is the most widely used programming language today. When it comes to solving data science tasks and challenges, Python never ceases to surprise its users. Most data scientists are already leveraging the power of Python programming every day. Python is an easy-to-learn, easy-to-debug, widely used, object-oriented, open-source, high-performance language, and there are many more benefits to Python programming. Python has been built with extraordinary Python libraries for data science that are used by programmers every day in solving problems.

The studies showed that Mobile computing and its application can lead to more informative to accomplish task. Mr.Takale.S.S. discussed how Mobile Python Libraries for Data Science Workshop is important in current social media situation.
