## Developing and Presenting Memorable Presentation Workshop Report

Aim & Objective of the activity: The workshop was aimed at helping students improve their presentation skills and deliver engaging and impactful presentations.

Date of the Activity:-01-02-2019

Organizing Unit/Department:-Computer Science

Collaborating Agency:-

Program Coordinator:-Mrs.Rote R.A.

Students Participated:-55

### Report of the Activity

The workshop on developing and presenting memorable presentations conducted by the **Advanced Computer College, Osmanabad** was a highly beneficial event for all participants. The workshop began with an introduction to the key elements of a successful presentation, including the importance of clear and concise messaging, effective use of visual aids, and engaging delivery techniques, storytelling, and effective communication. The facilitator provided numerous examples of effective presentations and highlighted the common elements that made them successful.

The workshop also highlighted the importance of storytelling in presentations. Presentations should be structured like a story, with an organized beginning, middle, and end. The workshop also covered effective communication skills, including body language, tone, and pace. The presenter emphasized the importance of practicing presentations to improve delivery and confidence.

Overall, the workshop was a success, and students left with valuable skills to develop and deliver memorable presentations. The college should continue to organize such workshops to equip students with the necessary skills to succeed in their future careers.

### Report of the Activity

The change management workshop was organized by **the Advanced Computer College,Osmanabad on 05-01-2019** to help students understand the importance of managing change in an organization. The workshop was conducted by **Mr.Patil P.K.** and was attended by **57** students.

The workshop started with an introduction to change management and its importance in today's business world. The facilitator explained how change is inevitable and how organizations need to improve constantly.

The Change Management Workshop was a highly informative and engaging event that provided attendees with practical strategies and tools for managing change in their organizations. The workshop's interactive format, expert facilitators, and real-world case studies made for a dynamic and impactful learning experience. Overall, the workshop was a resounding success and left attendees better equipped to navigate the complexities of change management in their respective roles.

## Adaptability to New Environment Workshop Report

Aim & Objective of the activity: To help students develop skills to adapt to new environments and situations.

Date of the Activity:-24-09-2018

Organizing Unit/Department:-Computer Science

Collaborating Agency:- Bill Gates Institute of Computer Science & Management, Osmanabad.

Program Coordinator:-Mr. Bondar V.A.

Students Participated:-60

### Report of the Activity

The workshop covered various topics related to adaptability, including the benefits of being adaptable, how to identify and manage stress, and how to develop resilience. The **Prof. Bondar V.A.** emphasized that being adaptable is a crucial skill for success in both personal and professional life and can help in dealing.

An adaptability to new environment session was designed to help individuals develop the skills and mind-set necessary to thrive in new and changing environments.

The workshop typically covered topics such as resilience, flexibility, problem-solving, and communication skills. Participants learnt how to adjust to new situations, navigate cultural differences, and manage stress and uncertainty.

The workshop focused on the importance of adaptability in the workplace, including how it can lead to increased productivity, improved teamwork, and better decision-making.

Overall, the adaptability to new environments workshop was a valuable experience for all participants. Through various activities and discussions, attendees were able to gain a better understanding of the importance of adaptability and how to develop this skill. The workshop emphasized the need to be open-minded, flexible, and resilient in order to succeed in unfamiliar situations. By practicing adaptability, individuals can improve their problem-solving abilities, communication skills, and overall confidence in new environments.

## **Agile Project Management Methodologies Workshop Report**

**Aim & Objective of the activity:** The objective of the agile project management methodologies workshop was:

To provide participants with a comprehensive understanding of agile project management and its methodologies.

The workshop aimed to teach participants how to implement agile methodologies in their projects.

**Date of the Activity:** -20-08-2018

**Organizing Unit/Department:-** Computer Science

**Collaborating Agency:** Mother Kanchan Institute of Computer Application & Business Mgmt, Osmanabad.

**Program Coordinator:-** Mr. Sawant S.P.

**Students Participated:** 53

### **Report of the Activity**

The workshop on agile project management methodologies organized by the **Advanced Computer College, Osmanabad** on **20th August 2018**. The workshop was attended by students, faculty members, and industry professionals. The aim of the workshop was to introduce the participants to the agile project management methodologies and to provide hands-on experience in using these methodologies.

Through various activities and discussions, attendees were able to gain knowledge about the principles of agile project management, including iterative development, continuous improvement, and customer involvement.

The workshop started with an introduction to agile project management methodologies and their benefits. The participants were then divided into groups and were given a project to work on. The training program was designed to help individuals and organizations understand and implement agile methodologies in project management. The workshop covered the principles and values of agile, including iterative and incremental development, customer collaboration, and responding to change.

Participants learnt how to plan and execute projects using agile techniques, such as Scrum and Kanban, and how to manage project requirements, timelines, and budgets. The workshop also included hands-on exercises and case studies to help participants apply the concepts to real.

## Multitasking Workshop Report

Aim & Objective of the activity: The workshop aimed to teach participants how to effectively manage multiple tasks and responsibilities simultaneously.

Date of the Activity:-07-08-2018

Organizing Unit/Department:-Computer Science

Collaborating Agency:-

Program Coordinator:-Mr.Takale S.S.

Students Participated:-55

## Report of the Activity

The Multitasking Workshop conducted by the college was a highly informative and interactive session.

The studies showed that multitasking can lead to more errors and take longer to accomplish a task. **Mr. Takale S.S.** discussed how multitasking is a common behaviour in remote meetings. **Mr. Takale S.S.** also conducted task-switching experiments to determine the costs of multitasking.

The workshop covered various topics such as time management, prioritization, delegation, and stress management. The participants were engaged in practical exercises and group activities that helped them apply the concepts learned during the workshop.

Overall, the workshop emphasized the importance of focusing on one task at a time to improve productivity and performance.
